Tailgate Sealer

Tailgate Sealer keeps out water, dirt, wind and exhaust fumes. Excellent for use with camper shells and tonneaus. Made from high-quality EDPM rubber with easy peel-and-stick installation.

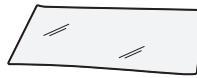

38-3203

38-3203 TAILGATE SEALER 24.94 19.95

Windshield and Rear Window Installation Tips:

1. Fit your new window rubber to your cab first, then install the window glass.
2. Use a rubber friendly lubricant such as WD40 and the Windshield Stick (#38-0796) to ease installation and avoid damaging your window rubber.
3. Window rubber shrinks; your new window rubber may appear slightly larger than the original prior to installation.

TINTED Windshield has a full light green tint to glass.

SHADED Windshield has a full light green tint with a dark band at the top of glass.

Windshield Stick A glass installer's most useful tool! Can be used to install or remove windows or window rubber. This plastic tool measures 8" in length for an easy grip.

38-0796

Windshield and Glass Sealant is silicone and seals windshields, windows, sunroofs and more. Flows into leaks like water but dries to form a flexible, tough, clear seal resistant to extreme temperatures, vibration, shock and most chemicals.

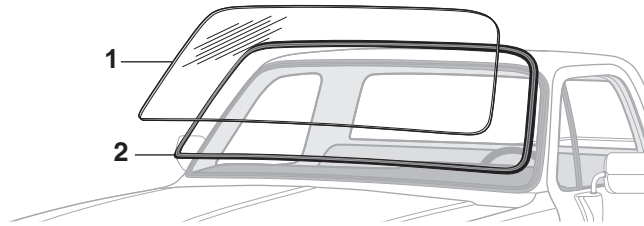

38-0783

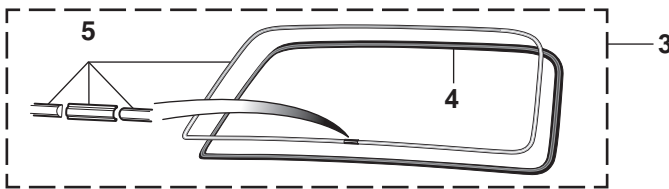

STANDARD = Standard Rubber Seals do not have groove for chrome trim.
CUSTOM = Custom Rubber Seals do have a groove for chrome trim.

Double Black Film Kit

38-0270

With the Double Black Film Kit you can ride in your truck without being bothered by the rest of the world. Customize your truck with an easy-to-install Double Black Film Kit with self-adhesive backing. The 20" x 60" kit offers the maximum protection from the sun coming in through your truck's rear window. Double Black Film Kit makes glass more shatter resistant. Film kit allows 5% light transmission.

Check state and local laws before ordering.
